1. The marathon training programme is designed to prepare you for Brighton marathon on 9th April, or indeed any other spring marathon being run in April or May 2017. The programme is equally suited to all.
2. This is a guide only and is prepared as such.
3. The suggested runs can be undertaken in any order.
4. It is suggested that at least 2 runs are taken in a race environment and consist of one of 20 miles and a half marathon. Additionally, there are a number of high grade 10k runs such as Stubbington, Chichester and Eastleigh that can be run as an 'extra' and which will aid your training. Don't forget also the TRXC and HRRL events.
5. Finally, and most importantly, **listen to your body** if you are injured or tired then do not undertake a long run, do something else such as swimming or cycling or, better still, just rest!
6. Please contact me if you have any questions on this programme : e-mail marathontraining@victoryac.org.uk
