

THE VICTORY AC AROUND HAYLING RELAY

Leg 3 – Anticlockwise Route 1.9 miles

(RECEIVING THE BATON FROM THE MARSHAL).

Start on the south west side Hayling Bridge crossing the bridge passing a bus stop and the Ship Inn in front of you to your right. Just after the bus stop on your left is the entrance turn left on to a path beside a 5 bar gate. Continue on this new path behind the houses on the Havant road with the Harbour on your left to four small posts making the cross trail turn left.

Continue on the path, it opens out to a narrow road and further becomes a shale path. Go through the gate turning right and follow the path north over a rough concrete path to stile. Cross this and continue north behind houses to your right over the other side of a stream. When you get to the end of the path then cross with CARE over the entrance to the industrial estate.

The path continues to a bridge on the other side.

Turn left alongside the factory fence to the end turn left following the path until it emerges on to the rear entrance to Xyratex.

Cross the road with Care so you approach the roundabout on the south side.

Again cross with CARE still heading west, the entrance the coastal path is on you left.

This is the hand over point.
