

## THE VICTORY AC AROUND HAYLING RELAY

### **Leg 4 - Anticlockwise Route 2.25 miles**

Heading south on the footpath, continue turning left then right over the creek bridge on towards the foreshore.

Turning left then dropping down on to the shingle and continuing to follow the fence to your left.

Then climb up the wooden steps following the path to Southmoor Lane, bare right around the gate barrier and on to the foreshore footpath.

Continue on this through another barrier as it turns north and on to a gate.

Go right through the gate over the Mill stream bridge and onto a wide foot path which becomes a metallised single track road. Keeping to the right passed some houses and then onto a footpath on the right in front of a house leading to the Havant Road.

Look for the four posts in front turn right on to the new footpath that runs behind the houses facing the Havant Road. Continue on this until the gap in a new barrier turning right on to the Havant Road.

Continue on the path crossing the bridge onto Hayling Island and to the entrance of the Hayling Billy Trail.

This is the hand over point.
