The path passes a World War II pill box on your right and turns right just after it. Then left and emerges on to Kingsway keep going south and stay on the right hand pavement in front of you. Cross Avenue Road there is a footpath, continue on it, until it opens out at Victoria Road turning right the rutted path becomes a road and emerges on to the main road opposite the Esso petrol station.

Turn right crossing Avenue Road and New Cut road continue on the main road footpath until you reach a point just before the Hayling Petrol Station on your right.

This is the hand over point.
