

## THE VICTORY AC AROUND HAYLING RELAY

### **Leg 9 – Anticlockwise Route 2.5 miles**

Start at the bottom of Bosmere Road heading north, the road becomes a track. At the T-junction turn left into Eastoke Avenue continue on the track, it eventually opens out into a road.

Keep to the right on the pavement until you reach Southwood Road, turning right again keep to the pavement. Turn right into St Herman's Road, continue to the top turning left then turn right up Marshall Road to the top turning right again into Fishery Lane. About 350 meters down facing you is the entrance to Lakeside Holiday Village. Go in the entrance (It is a public right of way) on your right is a lake. Continue up the road to the end bearing right to pick up a new path on your left.

Follow this path along the side of the creek for 100m. Passing through some posts keeping the creek on your right and on until the path turns left. Now appearing on your left after 70 meters is the pitch and putt course of the Lakeside Holiday Village, do not cross this, stick to the path alongside the creek.

Turn left at the small inlet. You then pass through some more posts, immediately turn right continuing around the inlet, following the new creek path. You will pass an old pill box on your left and heading north on the path towards Mengham Sailing Club on your left and the black race starter's hut on your right then turn left for 50 meters.

You must then climb over three small stepped barriers. On your right is Wilson's Boat Yard. As you emerge from the track follow the road in front of you, right up to the junction of Selmore Avenue and Salterns Lane.

This is the hand over point.
